THE LAWYER'S SECRET OATH

THIS CASE IS NOT TO BE CITED OR PUBLISHED:

Investigate: Lawyers Guild of Great Britain

and any ties to the American Bar Association.

"BAR" stands for "British Accreditation Research"

[02/21/1999] A federal judge in Texas has moved to out law Quicken Family Lawyer, a legal software program. The reason. It was too helpful. Judge Barefoot Sanders determined that by helping people fill out their legal documents, the program treads illegally on lawyers' turf. Specifically, it violates law that bars anyone but licensed lawyers from giving legal advice. The case was brought by a lawyers' group, whose interest is clear enough. Lawyers typically charge anywhere from \$100 to \$650 an hour. Quicken costs \$29.95 for life.

The Legal monopoly: An American Bar Association committee on non-lawyer practice in 1995 noted that enforcement of unauthorized practice laws declined after 1970, but rose again

in the '90s. Recent cases suggest the trend continues.

AN EXPOSE'

ON THE LEGAL FRAUD PERPETRATED ON ALL AMERICANS

Edited, altered and enhanced significantly from audio tape by a private non-resident, non-domestic, non-person, non-individual, pursuant to any real or imaginary statutory regulations.

Let's get right to the point. The courts only recognize two classes of people in the United States today.

DEBTORS AND CREDITORS

The concept and status of DEBTORS AND CREDITORS is very important for you to understand. Every legal action where you are brought before the court: e.g. traffic ticket, property dispute or permits, income tax, credit cards, bank loans or anything else they might dream up to charge you where you find yourself in front of a court - IT IS AN EQUITY COURT, administering commercial law having a debtor/creditor law as the controlling law. Today, we have an equity court but not an equity court as referred to in the Constitution of the U.S. or any of the legal documents before 1938.

All the courts of this once great land have been

changed starting with the Supreme Court decision of 1938 in

Erie R.R. v. Thompkins, 304 U.S 64 (1938)

give you background which led to this decision. Some of this information is from the Ben Freeman tapes of 1989. They are excellent tapes if you have them. Ben used to talk about "legislative democracy." I couldn't find a definition for legislative democracy. It bothered me. However, by listening to his tapes as well as other tapes. I began to see the fraud that is being perpetrated on all of us Americans. Please understand that this fraud is a 24 hour, 7 days a week, year after year

continuous fraud. It doesn't happen just once in a while. This fraud is constantly upon you all your life. Whether you are aware of it or not, this fraud is perpetually and incessantly upon you and your family.

U.S. Inc. Goes To Geneva 1930's

In order for you to understand just how this fraud works, you need to know the history of its inception. It goes like this: from 1928 - 1932 there were five years of Geneva conventions. The nations of the world met in Geneva, Switzerland for 5 continuous years in order to set up what would be the policy of all the participating countries. During the year of 1930 the U.S., Great Britain, France, Germany, Italy, Spain, Portugal, etc. all declared bankruptcy. If you try to look up the 1930 minutes, you will not find them because they don't publish this particular volume. If you try to find the 1930 volume which contains the minutes of what happened, you will probably not find it. This volume has been pulled out of circulation or is hidden in the library and is very hard to find. This volume contains the evidence of the bankruptcy.

Going into 1932, they stopped meeting in Geneva. In 1932 Franklin Roosevelt came into power as President of the United States. Roosevelt's job was to put into place and administer the bankruptcy that had been declared two years earlier. The corporate government needed a key Supreme Court decision. The corporate United States government had to have a legal case on the books to set the stage for recognizing, implementing and supporting the bankruptcy. Now, this doesn't mean the bankruptcy wasn't implemented before 1938 with the Erie RR v. Thompkins decision. The bankruptcy started in 1930-1931. The bankruptcy definitely started when Roosevelt came into office. He was sworn in during the month of January, 1933. He started right away in the bankruptcy with what is known as the "The Banking Holiday," and proceeded in pulling in gold coin out of circulation. That was the beginning of the United States Public Policy for bankruptcy.

Roosevelt Stacks Supreme Court

It is a known historical fact that during 1933 and 1937-1938, there was a big fight between Roosevelt and the Supreme Court Justices. Roosevelt tried to stack the Supreme Court with a bunch of his pals. Roosevelt tried to enlarge the number of Justices and he tried to change the slant of the Justices. The corporate United States had to have one Supreme Court case which would support their bankruptcy problem.

There was resistance to Roosevelt's court stacking efforts. Some of the Justices tried to warn us that Roosevelt was tampering with the law and with the courts. Roosevelt was trying to see to it that

prior decisions of the court were overturned. He was trying to bring in a new order, a new procedure for the law of the land.

The "Mother Corporation"

Goes Bankrupt

A bankruptcy case was needed on the books to legitimize the fact that the corporate U.S. had already declared bankruptcy! This bankruptcy was effectuated by compact that the corporate several states had with the corporate government (Corporate Capitol of the several corporate states). This compact tied the corporate several states to corporate Washington, D.C. (the headquarters of the corporation called "The United States"). Since the United States Corporation, having established its headquarters within the District of Columbia, declared itself to be in the state of bankruptcy, it automatically declared bankruptcy for all its subsidiaries who were effectively connected corporate members (who happened to be the corporate state governments of the Union). The corporate state governments didn't have to vote on the bankruptcy. The bankruptcy automatically became effective by reason of Compact/Agreement between each of the corporate state governments and THE MOTHER CORPORATION. (Note: The writer has taken the liberty of using the term "Mother Corporation" to communicate the interconnected power of the corporate Federal government relative to her associated corporate States. It is my understanding that the States created the Federal Government, however, for all practical purposes, the Federal Government has taken control of her "Creators," the States.) She has become a beast out of control for power. She has for her trade names the following: "United States", "U.S.", "U.S.A.", "United States of America", Washington, D.C., District of Columbia, Feds, Federal Government. She has her own U.S. Army, Navy, Air Force, Marines, Parks, Post Office, etc., etc., etc. Because she is claiming to be bankrupt, she freely gives her land, her personnel, and the money she steals from the Americans via the I.R.S. and her state corporations, to the United Nations and the International Bankers as payment for her debt. The UN and the International Bankers use this money and services for various world wide projects to include war. War is an extremely lucrative business for the bankers of the New World Order. Loans for destruction. Loans for re-construction. Loans for controlling people on her world property.

U.S. Inc. Declares Bankruptcy

The corporate U.S., then, is the head corporate member, who met at Geneva, to decide for all its corporate body members. The corporate representatives of corporate several states were not in attendance. If the states had their own power to declare bankruptcy regardless of whether Washington D.C. declared bankruptcy or not, then the several states would have been represented at Geneva. The several states of America were not represented. Consequently, whatever

Washington D.C. agree to at Geneva was passed on automatically, via compact to the several corporate states as a group, association, corporation or as a club member, they all agreed and declared bankruptcy as one government corporate group in 1938. The several states only needed a representative in Geneva by way of the U.S. in Washington, D.C. The delegates of the corporate United States attended the meetings and spoke for the several corporate states as well as for the mother corporation located in Washington, D.C., the seat and headquarters of the Federal Corporate Government. And, presto BANKRUPTCY was declared for all.

From 1930 to 1938 the states could not enact any law or decide any case that would go against the Federal Government. The case had to come down from the Federal level so that the states would rely on the Federal decision and use this decision as justification for the bankruptcy process within the states.

Uniform Commercial Code (UCC)

Emerges as the Law of the Land

<http://www.law.cornell.edu/ucc/1/overview.html>

By 1938 the corporate Federal Government had the true bankruptcy case they had been looking for. Now, the bankruptcy that had been declared back in 1930 could be up-held and administered. That's why the Supreme Court had to be stacked and made corrupt from within. The new players on the Supreme Court fully understood that they had to destroy all other case law that had been established prior to 1938. The Federal Government had to have a case to destroy all precedence, all appearance, and even the statute of law itself. That is, the Statutes at Large had to be perverted. They finally got their case in *Erie R.R. v. Thompkins*. It was right after that case that the American Law Institute and the National Conference of Commissioners on Uniform State Laws listed right in the front of the Uniform Commercial Code, began creating the Uniform Commercial Code that is on our backs today. Let us quote directly from the preface of the 1990 Official Text of the Uniform Commercial Code 12th edition.

The Code was originally approved by its sponsors and the American Bar Association in 1952, and was revised in 1958 to incorporate a number of changes that had been recommended by the New York Law Revision Commission and other agencies. Subsequent amendments that were deemed desirable in the light of experience under the Code were approved by the Permanent Editorial Board in 1962 and 1966.

The above named groups and associations of private lawyers got together and started working on the Uniform Commercial Code (UCC). It was somewhere between 1930 and 1940, I don't recall, but by the early 40's and during the war, this committee was working to form the UCC and got it ready to put on the market. The UCC is the law merchant's code for the administration of the bankruptcy. The UCC is now the new law of the land as far as the courts are concerned. This Legal Committee of lawyers put everything; Negotiable Instruments, Security, Sales, Contracts/Agreements, and the whole mess under the UCC. That's where the "Uniform" word comes from. It means it was uniform from state to state as well as being uniform with the District of Columbia. It doesn't mean you didn't have the uniform instrument laws on the books before this time. It means the laws were not uniform from state to state. By the middle 1960's, every state had passed the UCC into law. The states had no choice but to adopt the newly formed Uniform Commercial Code as the law of the land. The states fully understood they had to administrate bankruptcy. Washington D.C. adopted the Uniform Commercial Code in 1963, just six weeks or so after Kennedy was killed.

Your Lawyer's Secret Oath?

What was the effect and the significance of the Erie RR. v. Thompkins case decision of 1938? The significance is that since the Erie decision, no cases are allowed to be cited that are prior to 1939. There can be no mixing of the old law with the new law. The lawyers (who were members of the American Bar Association, were and are currently under and controlled by the Lawyer's Guild of Great Britain) created, formed and implemented the new bankruptcy law. The American Bar Association is a franchise of the Lawyer's Guild of Great Britain. Since the Erie RR. v. Thompkins case was decided; the practice of law in this country was never again to be the same.

It has been reported (source unknown to the writer) that every lawyer in existence and every lawyer coming up has to take a SECRET OATH to support the bankruptcy. This seems to make sense after read about Mr. Sweet's CASE FILE DISAPPEARANCE discussed below. There is more to it. Not only do they promise to support the bankruptcy, but the lawyers and judges also promise never to reveal who the true creditor party is in the bankruptcy proceedings. In court, there is never identification and appearance of the true character and principal of the proceedings. This is where you can get them for not making an appearance in court. If there is no appearance of the true party to the action, than there is no way the defendant is able to know the true NATURE AND CAUSE OF THE ACTION. You are never told the true NATURE AND THE CAUSE OF WHY YOU ARE IN FRONT OF THEIR COURT. The court is forbidden to tell you that information. That's why, if you question the true nature and cause, the judge will say, "It's not my job to tell you. You are not retaining me as an attorney and I can't give you legal advice from the bench. I suggest you hire a lawyer."

Hire a Lawyer?

The problem here is, if you hire a lawyer, who is pledged not to reveal the true nature and cause. How will you ever find out the nature and cause? You won't! Why? If the true nature and cause of the action against you is revealed, it will expose the real creditor from whom this action and cause came. In other words, they will have to name the TRUE creditor. **The true creditor will have to state the nature and cause. The true creditor will have to say, "It's a bankruptcy proceeding." That declaration then opens the door for you to question, "Who the hell are you? How did you get attached to my back and by what vehicle did I promise to become a debtor to you?"** In this country, the courts on every level from the justice of the peace level all the way up - even into the International Law arena (called the World Court), are administering the bankruptcy and are pledged not to reveal who the true creditors really are and how you personally became pledged as a party or participant to the corporate United States debt.

What would really kill these people off, would be to compel the International Bankers to send a lawyer to the courtroom and present himself as the attorney for the true creditor (the International Bankers). Then have the attorney put into the record the true nature and cause of the proceedings against you on that particular day.

The International Banksters told these various countries that they were now in a state of bankruptcy. The countries had been taken over by the creditor/bankers. And there was no choice, but for all these participating countries to declare bankruptcy. If they didn't agree to declare bankruptcy, the banksters threatened to collapse the economies and thereby put the countries back into the depression like the one from which they were just emerging. The banksters made an offer they couldn't refuse!

To review and elaborate: In 1930 there was a world wide depression. The bankers said, "Look. You can do it either of two ways. The easy way or the hard way. You just accept the bankruptcy and we'll let you out of the depression. If you don't, you're on your own." So all the countries involved agreed, because they realized that the International banksters had them by the throat. The countries therefore agreed that over a period of several years they would pass statutes and legislation for the implantation of the bankruptcy in favor of the International banksters.

Now, i would say that the key banksters were Rothchild and family and their agents by way of Rockefeller, by way of the Federal Reserve Banksters. Who were more specifically involved as key banksters and their agents is pure conjure on my part but it really doesn't matter at this point. The point is, there was an international bankruptcy and an international conspiracy to cover it up. There

was a banking creditor who made the offer the countries accepted the offer in order to enable the representative countries to continue without revolution and to allow the politicians to remain comfortably in place. Under a delusion of solvency the countries were allowed to continue to operate as though they were solvent while in fact the representative countries were bankrupt.

The Snare

The bankruptcy scheme was/is an extremely clever and diabolical plan. How did they possibly pull this scheme off in the area of real estate, the same way they did it in the area of Federal Income Taxes. These Foreign banksters simply and deceptively devised ways and means to con you into declaring yourself a "CITIZEN" or a "RESIDENT" of the corporate U.S. Remember the corporate United States is Bankrupt per agreement and public policy. After you have been tricked into claiming you are one of their corporate United States Citizens, you are given a Social Security Number which ties you to certain meager "benefits" and "privileges." Then, the banksters con your employer to function as an unpaid tax collector to con you into filling out their W-4 intangible property gift forms and 1040 voluntary agreements. These slick paper agreement establishes your "voluntary" indebtedness to the bankster creditor.

If at any time you decide to balk at this scheme, because you don't like it, the real creditor never has to make an appearance in court to list the true nature and cause of action which is being brought against you. You end up dealing with an agency. The agency can conveniently grant itself immunity from prosecution because all it is doing (without your knowledge, of course) is administrating the bankruptcy which the government agreed per the Geneva meetings. The court system never lets you put the original creditor on the courtroom stand, so you can ask him how he got attached to your back. The system is set up in such a way that the TRUE CREDITOR IS PROTECTED and never has to make an appearance and never has to answer any of your questions or produce documents.

Therefore, the true creditor never has to produce the law that gives him the right to pledge you (your body and labor) in indebtedness (bondage/servitude). Why? Because the Geneva agreement in 1930 was done by treaty. The bankruptcy was not done by legislation. The agreement came first; signed in secrecy. THEN Congress began to pass legislation to fulfill the bankruptcy obligation required by the treaty. Legislation being passed by Congress was henceforth and is thereby bankruptcy legislation. When cases came before the courts, the courts could make decisions based on new controlling law of bankruptcy. It had nothing to do with Constitutional rights. Now, any case brought in is under the new bankruptcy law and is not considered as a true constitutional case. It is now a bankruptcy case as distinct from, but cleverly disguised as a constitutional case.

The Fraud

The members of the Supreme Court, of course, realized what was happening to them and the system of law. The court was being asked to perform in a creditor, debtor bankrupt proceeding for the benefit of the bankster creditors. The members of the Supreme Court said, "NO. We will not give you a bankrupt proceeding decision that you can then enforce against everybody, a decision not only affecting corporate Washington D.C. but also having effect within the corporate state governments. This, by the way is fraud. It wouldn't be fraud if the government of corporate Washington D.C. and the government of the several corporate states declared bankruptcy then let the people know about the bankruptcy. (Notice when I say corporate "government" I don't mean you and me. You and I are not the corporate government. The corporate government is the corporate capital of the corporate state. The government is a neutral government zone known as the capitai ci, the corporate state. The government is where the corporate state is. It is corporate headquarters. Just like corporate Washington D.C. is the seat of the corporate Federal Government. The capitai ci, the corporate state is the seat of the corporate state government. if the corporate Federal Government and her subsidiary corporate state government want to join forces and declare bankruptcy that's not fraud. This is their corporate business.

However, it is fraud when those two corporate entities declare bankruptcy but do not disclose to you, me, and every other American, that they have so declared bankruptcy. Further they have not and do not disclose that their intention is to get you and every other American in this country to pledge to pay off their corporate debt to their corporate creditors. The corporate bankruptcy is the corporate state and federal responsibility, not the responsibility of Americans, the people.

U.S. Inc. is Distinct and Separate

From PRIVATE AMERICANS

"We the People" who created and signed the contract/compact/agreement of, by, and for the Constitutional Corporation (U.S.); using the trade name of the "United States of America", is a corporate entity (legal fiction) which is DISTINCT AND SEPARATE from Americans or the unenfranchised people of America. The private natural American people did not create the corporation of the United States. The United States Inc. did not create the private natural American people. America and Americans were in existence prior to the creation of the United States Corporation. The United States Corporation has located its U.S. headquarters in Washington, D.C. Virginia state (state territory) gave land to the newly formed United States Corporation. Notice, here, we have a state giving something of value (land) to the United States. The United States Corporation agreed in the Constitutional contract, to protect the states. Instead, because of their bankruptcy (Corporate U.S. Bankruptcy) this particular U.S. corporation has enslaved the states and the people by deception and at the will of their foreign banksters with whom they have been doing business. Our fore fathers gave their lives and property to prevent enslavement. Today, we are again enslaved.

Private natural American people have been tricked, deceived, and setup to carry the U.S. Inc. perpetual corporate debt under bankruptcy laws. Every time Americans appear in court, the corporate U.S. bankruptcy is being administrated against them without their knowledge and lawful consent. That is FRAUD. All corporate bankruptcy administration is done by "Public Policy" of by and for the Mother Corporation (U.S. Inc.).

The Mother Corporation's

"Public Policy"

The corporate bankruptcy is carried out under the corporate public policy of the corporate Federal Government in corporate Washington, D.C. The states use state public policy to carry out Federal public policy of Washington D.C. Public Policy and only public policy is being administered against you in the corporate courts today. The public policy that is dictated by all the courts from the smallest to the most powerful courts in the world, is public policy. This is why I said, in another tape that the Russian people would be enslaved into indebtedness. What will happen is that it will become public policy in Russia to have the people go into joint corporate debt. The Russians will be forced to promise to pay these debts. They will be forced to pay off on those corporate debts. Corporate Public Policy is the crux of the whole bankruptcy implementation. Corporate Public Policy is forever a Corporate Public Policy and the laws that have been passed since 1938 are all corporate public policy laws dealing only with corporate public policy. Understand that U.S. corporate public policy is not an American public policy. The public policy OF (belonging to) the United States corporation. This U.S. corporate bankruptcy public policy is not OF (belonging to) America, the Republic.

The Erie RR. v. Thompkins 1938 case was a decision based upon public policy. All decisions at any level since 1938 have been public policy decisions. All statutes, rules, regulations, and procedures that have been passed, whether civil or criminal, whether it is Federal or State, have all been passed to implement the public policy of bankruptcy. Since 1933, when F.D.R. came in office, he brought in public policy. He established that it was the public policy of the government to call in all the gold. It was the public policy of the Government in Washington, D.C. (the Federal Government) to give our government assistance. Public policy operates the same within the states. All Federal court decisions can only be handed down if the states support Federal public policy. The state legal system must be compatible with the Federal legal system.

The Monkey - Wrench

This is why, when people like us go to court without being represented by a lawyer, we throw a monkey-wrench into the corporate administrative proceedings. Why? Because all public policy corporate lawyers are pledged to up-hold public policy, which is the corporate U.S. administration of their corporate bankruptcy. That's why you'll find stamped on many if not all our briefs,

"THIS CASE IS NOT TO BE CITED IN ANY OTHER

CASE AND IS NOT TO BE REPORTED IN ANY COURTS."

The reason for this notation is that when we go in to defend ourselves or file a claim we're not supporting the corporate bankruptcy administration and procedure. The arguments we put forth predate 1938. We come in with Constitutional law, etc. All these early cases support our rights not to be in bankruptcy. However, the corporate court, lawyers, and judges have promised to give no judicial recognition of any case before 1938.

The International Banksters'

Corporate Plantation

U.S.A. Style

Before 1938, the law was not a public policy law. All these old cases were not public law deciding cases. Today, the cases are all decided under corporate public policy. The public policy exists in order to administer the bankruptcy for the benefit of the bankster creditors and to protect the bankster creditor. Corporate public policy can allow the creditor to say to the corporate legislatures, "I want a law passed requiring my debtors to wear seat belts. Why? Because I want to be able to milk my debtors for the longest period possible." it doesn't behoove the creditor to allow all of his labor producing debtors to die at an average age of 30 years. What would happen to the banksters' lending, interest, penalties, increase, repayment etc. on the entire funding and lending process if the average American life span was only 30 years? Why, the bankers would have to have 2 1/2 times the current consumer population to equal their current take. The banksters would need (instead of 250 million Americans) 600 million or even more. Maybe the banksters would need 2 Billion Americans because the individual can't contract for debt until he/she is 18 or 21 years of age. Therefore, if the average life span is only a 30 year period, the creditor could collect on the debt for only 12 years.

Now, if the banksters can just get people to live an average of 70 years you are talking a whopping 50 years of indebtedness for which they contract and for which they are forced to pay back with usury/interest. With this situation, the bankster creditor can now float loans worth 50 years of potential indebtedness and its payoff with interest in the name of the people, as opposed to 9 to 12 years. The creditors and their property and their people are well taken care of. The creditor doesn't want the population to decrease per say, unless, it is convenient for the debtor to run up debts in another's name and then liquidate that debtor or that group of debtor people.

For example let's consider the AIDS problem today among the black people. What better group to inject AIDS into than the black people? Read the Stracker Memorandum on AIDS and the World Health Organization connection. This documents their tainted vaccination program in Africa and elsewhere. Why not kill them off? Don't you understand that the blacks as a whole have absorbed all the debt that they can? The blacks have reached the max of the debt that they can carry. In fact, they have gone over their limit to pay back. They are now heavily into welfare, public housing, medicaid, medicare, food stamps, etc. Now, the situation is that instead of paying off the creditor, they have become a drain on the creditor. The creditor must now pay them to live and take care of them. What creditor in his right mind wants to spend money on a bunch of people from whom he can't collect any revenue?

The corporate public policy of the corporate United States and the states and the county and of the cities are that YOU must take care of these people. You must provide them with welfare, etc. Why? Because when you, as a member of the corporate body politic allow laws to be passed which says the minorities must be taken care of; then the corporate legislature can say the public policy is that the people want these people taken care of. Therefore, when given the chance, the legislature can say the public policy is that the people want these blacks and poor whites to be taken care of and given a chance, therefore, we must raise taxes to fund all these benefits, privileges and opportunities. This is what these people need to make them socially, politically, and economically equal with every one else. The legislatures have passed all kinds of statutes providing for hugh indebtedness and they float the indebtedness off your backs because you have never gone in to challenge them; telling them that it is not your public policy to assume the debts of other people.

On the contrary, all the court decisions coming out, indicate it is the corporate public policy and it is your willingness to support the corporate public policy to pay off these debts. Remember, "public" means of and for the corporate Government. It does not mean of and for private people. "Public" means corporate government. It is corporate government policy. When they talk about public debt, they are talking about corporate government debt and your presumed pledge against this corporate created debt.

The Real Estate Snare

How do they work this scheme in the area of real estate? These bankster creeps have made an agreement that it is corporate public policy, that all land (property) be pledged to the creditor to satisfy the debt of the bankruptcy, which the creditor claims under bankruptcy. They get away with this the sam way they get away with any other case that is brought before the court, whether it is a

traffic ticket, IRS, or whatever. Here is how it works. You have signed instruments giving information and jurisdiction to the banksters through their agents. The instruments (forms) you signed include, but are not limited to the following: social security registration, use of the social security number, IRS forms, driver license, traffic citation, jury duty, voter registration, using their address, zip code, U.S. postal service, a deed, a mortgage application, etc. etc. The banksters then use that instrument (document) under the Uniform Commercial Code (UCC) as a contract/agreement. These documents are considered promissory contract where you promise to perform. This scheme involves you, without you ever becoming directly in contact or in contract with the true creditor. What's more, you are never informed as to whom the true creditor is and it is never divulged to you the true nature and the true cause of the paperwork that you are filling out.

If you will examine your real estate deed, you will find that you promised to pay taxes to the corporate government. On property you originally acquired through a mortgage, you will notice that the bank never promised to pay taxes. You did. The corporate government at all levels never promised to pay taxes to the creditor. You did. In tax and collection problems relating to real estate being enforced against you, you will notice that there is no mention in the mortgage or the deed stating the true nature and cause of the action.

Since you made the promise to perform, you get a bill every year for property taxes. You don't realize that the only way they can bill you for taxes is through your own stupidity of AGREEING to pay the tax. You volunteered. They took advantage of you, conning you to promise to pay property taxes. When they send you their bill, they are coming against you for the collection of the promise you made to the creditor. Now the creditor on the paperwork appears that it is the local bank. The bank has loaned you credit. The bank hasn't loaned you anything. It was not their credit to loan. This is why the bank can't loan credit. There is a credit involved, but not the banks credit. It is the credit of the International banksters. The international banksters are making you the loan based upon their operation of bankruptcy claim which they presume to have against you personally as well as your property.

Now, let's say you are not aware of your remedies provided for you within the Uniform Commercial Code (UCC). The UCC provides or allows you to dishonor the county's presentment of the tax bill. You don't pay your tax bill. You therefore just sit on it and don't do or say anything. A couple of years go by and all of a sudden you are being sent letters to pay up what is owed or else in a certain period of time your property will be taken from you and put up for a tax sale. Now here is what is interesting - If you don't pay your tax bill, and they contact you asking you to pay it and you don't pay it, they will declare you in default. It is based on that default as provided in the UCC that they sell your property for the tax (rent).

However, the county never goes into court to put into the record the identification of the real creditor. And the county does not state the true nature and cause of the action against you

(bankruptcy action disguised as a tax action). Why? Because, under bankruptcy implementation, they have developed a legal procedure which is based upon YOUR PROMISE TO PAY. The procedure provides that they don't have to come to the court to get a court order authorizing the sale of your property. Therefore, the real creditor never makes an appearance in court. The reality is, you are denied any possibility of appearing in court to exercise your right to challenge the creditor. To ask if he became the creditor under "public policy." To ask if it is under "public policy," just what is "public policy"? And how did you (as an international banker) become "creditor" to me and everyone else in this country (American people). They don't want you to ask the real creditor (the International Banksters), to PRODUCE THE DOCUMENTS upon which your personal debt is established. If they were forced to go into court, they would have to produce the deed or mortgage showing you KNOWINGLY, WILLINGLY, and VOLUNTARILY promised to pay the corporate public debt. You did not KNOWINGLY, WILLINGLY, and VOLUNTARILY promise to pay any U.S. Corporate Bankruptcy obligation made in the 1930's. This would, of course, expose their racket. The fact is, that, there was absolutely no debt connected to you until you agreed to it through their deception and fraud. The deception in a broader sense, permeates the education system and the new media, etc., to sell you on the idea that you are a statutory "U.S. Citizen" and "resident of the United States."(INCORPORATED).

YOUR SIGNATURE IS

YOUR MOST VALUABLE PROPERTY

Your "property" is pledged for the rest of your life upon your signature and your promise to perform is pledged into perpetual debt. The banksters don't even bother to go to court. They leave it up to the agencies to administer the agency corporate public policy. It is the public policy of that agency to bill you on your promise to perform. If you don't pay, they follow up on the public policy on notice of default and give you one more chance to pay. Then they proceed to sell the property at a tax auction. They never go to court or appear in court to back up their claim against you. Did any of your government licensed and controlled teachers ever stress THAT YOUR SIGNATURE IS YOUR MOST VALUABLE PERSONAL PROPERTY? Did your government teachers ever tell you, that any time you sign any document, you should sign it "without prejudice", or with "All Rights Reserved" above your signature. This means you are reserving you God given unalienable rights (rights which cannot be transferred) and all other rights for which your fore fathers died. The Corporate U.S. Government provides, or at least pretends to provide, for this reservation of rights under the Uniform Commercial Code (UCC) at 1-207 and 1-103. You need more information in this area. It is not in the best interest of the United States Corporate "Public" schools to teach you about their bankruptcy proceedings and how they have set the snare to COMPEL YOU INTO PAYING THEIR DEBT. The Corporate "Public" schools are strictly designed for their Corporate citizens/subjects. That is, the Corporate U.S. Public School citizens. Notice all the emphasis on being a "good" citizen.

Basically all their teachers and their students are trained to produce labor and material in exchange for valueless green paper called "money." It is not money, it functions "AS" money. Lawful money must be backed by something of value. Banksters take your labor, services, and material (homes, cars, farms, etc.) in exchange for their valueless corporate paper. This paper is backed only by the "full faith and confidence of the United States Government" (THE MOTHER CORPORATION). I do not have faith of confidence in the U.S. BANKRUPT CORPORATE GOVERNMENT ADMINISTRATORS WHO HAVE PERVERTED THEIR CONSTITUTIONAL CHARTER, enslaving the sovereign American people into THEIR bankruptcy obligations. Their fraudulent money laundering process promotes your payment on the corporate government's bankruptcy debt. This debt is mathematically impossible to pay off. You and your family are in continual financial bondage to the international banksters. They love it so! Black's Law Dictionary 1990, defines "Money Changers" as: - business of a banker....today handled by the international departments of banks." Let me think for a moment, what did Christ do to the "Money Changers"? Oh, Yes, he severely interfered with their activity. Three days later Christ was crucified. Lincoln was killed for interfering with the money chargers. Kennedy was slaughtered for interfering with the money changes.

The Brother's Case

In my brother's case he was never in default as he never made the promise in the common law deed to pay taxes, therefore, the man who bought the property is moving against my brother through an attorney who is claiming that my brother never redeemed the property. His attorney had followed procedure by publishing the property tax notice in the newspaper for three printings. Now they show up in court to get the court to declare default. After a default judgment, the attorney's client then has right to the property.

Now, my brother comes in and challenges this action. The problem is, the man who bought the property, is trying to claim the property when in fact he is not the original creditor. He is not the person who said my brother was in default or that he owed a tax in the first place. Now when my brother comes in and challenges the new buyer, the court rules that the new buyer is not required to produce any documents in support of his cause. The only documents they are required to produce are the documents related to procedure of foreclosure. Do you understand? There is no court case where the true creditor has to make an appearance. You cannot question or challenge the true creditor.

When you do go to court, the person you are allowed to question is the person who bought the property. THE buyer is not required to produce documents because the only one who would be required to do so, is the true creditor. Now you are in the position of fighting yourself in court. This is a very clever way for the creditor to avoid the courts in order to settle the dispute for his claim against you. This is also very clever way to avoid naming the true claimant; true plaintiff. The true plaintiff is the international bankster. The international banksters claim they have a claim against my

brother's property because my brother's property has been pledged by the state as collateral for the corporate debts under the bankruptcy to the international banksters.

Once my brother removed his property from their jurisdiction and venue by claiming back all his rights, titles and interest, the only way that they would be able to stand a chance, would be for the original claimants (international banksters) to make an appearance through their attorney. Then, for my brother to require their attorney to place in the record, a statement, identifying the true nature and cause for their actions. The courts and the attorneys have cleverly avoided this process.

Remember, when you are dealing in bankruptcy, slight of hand, lies, and deception you have to protest to the head man in all of this action, just like the Watergate tapes. Everybody tried to protect Nixon, the head dog. It is the same in this bankruptcy scam, they all have to protect the International Banksters. The proof that this is true is that (1) My brother is now in front of the court of appeals, the attorney for the people who bought the property, has already said, the buyers should not be required to present the authority establishing the State of Maryland's authority to tax property and to collect these taxes; This statement is the tip-off for how they are attempting to protect the International Banksters. Since the International Banksters never had to appear in court, they never were required to show where they got the right to pledge everybody's property into the United States corporate debt. The buyer's attorney says his client should not have to produce and this court should not demand, that he has to produce. Guess what. The court will agree with the buyer's attorney. They don't have to do it. They have to protect everybody's butt.

The attorney never cited one case before 1953. The attorney put a lot of cases in his paperwork but nothing is cited before 1938. Most of the cites are since 1963, when the State of Maryland passed the UCC. All of the cites were in the 70's and 80's. A few cites were in the late 60's and one in the 50's. This lawyer knew what was going on. That's why, no matter what happens, someone in the court will stamp on the paperwork that this case can not be cited in other cases. This case is not to be reported in the legal reports.

The Cover-up

There was a deal struck that, if any person who doesn't have a lawyer to bring a case before the courts, and this person proves the fraud, and speaks the truth about the fraud, the courts are compelled to not allow the case to be cited or published anywhere. The courts cannot afford to have the case freely available in the public archives. This would be evidence of the fraud. This is why you can't hire an attorney. An Attorney is compelled to uphold the fraud.

"Trust Me."

"I'm here to help you."

"I have the governments permission to practice law."

"I'm a Member of the Bar."

The attorney is there for one reason. That reason is to make sure the bankruptcy scam (established by the corporate public policy of the corporate Federal Government) is upheld. The lawyer's will cite no cases for you that will go against the bankruptcy in cooperate public policy. Whatever the lawyers do for you is a bunch of BULL ROAR. The lawyers have to support the bankruptcy and public policy by supporting it, even at your expense. The lawyers can't go against the corporate Federal Government statutes implementing, protecting and administrating the bankruptcy.

For all cases cited, those in the U.S. Code or the state annotated code or any other source, you may be sure that they only selected those cases that support the public policy of bankruptcy. The legal system has to work that way. After the last 30-4-50 years of cases after cases having been decided based upon upholding the bankruptcy, how could the legal system possibly allow someone to come into court and put in the record substantial information and argument to prove the fraud?

Blood in the Streets?

Can you imagine how damaging it be, if they allowed your case to be cited in another case, or if they allowed the public to examine a copy of your brief, that discloses evidence of the fraud? This exposure would render null and void everything for which they have worked so hard. Wouldn't this exposure make the people mad? Wouldn't this exposure mean there would be blood running in the streets? Especially in the cities where the poor people have been really taken by this diabolical system. What they are concerned about is that the case never be cited. That goes against the bankruptcy for fear of exposing the bankruptcy and the people will then pick up their guns and shoot the SOB's.

Mr. Sweet's Case Disappeared!

There is a man, let's say his name is Sweet. He has been investigating the corporate government activities for over 12 years on a full time basis. Now, let's look at Sweet's recent case. He won his case. He went into court and defended his common law lien on his property so as to be compatible with statutory law. The judge said, "However, since you presented me with a lien on your property, I will stipulate that the county is the owner of your property with the provision that all liens be satisfied." Sweet was very happy about the judgment. Sweet doesn't care if the county is the owner of the property because the county can't take the property for the next 90 years. The county can't take the property away from him because of his common law lien on the property. Sweet is free to use it, rent it, whatever. If the county really wants the property, they have to satisfy the lien first. However, there is a problem regarding setting a precedent. Sweet went back a couple of weeks later and asked them to punch up his case number. Guess what? The case number had disappeared! The reason the case number had disappeared is that after the judge ruled the county owned the property, subject to the lien, it became a case that goes against the corporate county bankruptcy public policy.

Since Sweet placed a lien on his own property, he is the one who has to be paid off first - not the county! The county is now required to satisfy the lien before the county is allowed to take possession of the property. The property is probably not worth the price of the lien. This would not satisfy the true creditors, the International Banksters. If the county pays Sweet off first, the city has to on their records a \$75,000.00 deficit. The true creditors wouldn't like that deficit. They certainly wouldn't like the fact that Sweet's clever maneuver had out foxed the foxes.

What if one hundred, two hundred, a thousand, or ten thousand, people in this state/republic would just put a common law lien on their property and then stopped paying taxes; then cited Sweet's case. It would set a precedent. Let the county have the property as long as the judge makes the judgment subject to existing liens. In this situation, the county would end up holding all this property but could have no use of it. No rent. No taxes. All deficient. The banker creditors certainly don't want this scenario. The banksters don't want any cases administered except through the application of bankruptcy procedure. The banksters want your rights, privileges, and due process strictly administered by and through the corporate courts under their corporate public policy, international bankruptcy procedure. The International Banksters and their UNREGISTERED FOREIGN AGENTS don't want any evidence on the record, showing how you can get out from under them. Any revenue collecting individual or agency such as the courts, judges, lawyers, law enforcement officers, and tax collectors who are attempting to take money from you as a private American must be registered as a foreign agent. If they are not duly registered and properly identified, they are involved in EXTORTION AND TREASON against private Americans.

How Sweet It is!

As part of Sweet's maneuver, he filled out a financing statement using the UCC-1 form, whereby he put his wife and himself as debtors and creditors. Now, the legal situation is switched. The UCC-1 Financing record Sweet filed with the state, shows Sweet and his wife, as being parties of interest recorded with the state rather than the presumption that the international banksters are the parties of interest.

There is an office within each corporate state (Secretary of State) that handles the UCC-1 forms for personal property and the county recorders office who records the UCC-1 against real property. Since Sweet is listed on corporate state records as the debtor and the creditor on his own property, his property can't be put up in any way for collateral against any debts claimed by the banksters. The reason is that the International Banksters and their flunky agents, now, cannot prove that Sweet's property is debt property of the bank or the corporate county. The property is encumbered by Sweet's lien. Thereby, the property cannot be put up against any debt claims, until it is not encumbered by Sweet's lien. Sweet's property is not free and clear of all liens. The result is that for all practical purposes, the property is now Sweet's, being unencumbered by any further demand for payment of taxes. Sweet has not paid property taxes for many years. Sweet is now his own creditor. And Sweet is his own debtor. Therefore, the International Banksters along with the county corporate thieves are knocked out for the stealing process. How sweet it is! Congratulations to Mr. Sweet!

You may want to do it the way Sweet did. If you own property, you will need to get your deed and a common law lien, then fill out a UCC-1 Form. Then file it with the Secretary of State for personal property and the county recorder for real property. This seems to be the only way for you to get out from under being a debtor of these bastardly Corporate Foreign International Banksters. The judges have to know what's going on. The only way this scheme can work is to have all the lawyers and judges pledge to uphold the corporate bankruptcy public policy. The banksters just can't allow lawyers in a legal system who refuse to uphold the bankruptcy policy. These renegade lawyers would have to be quickly weeded out. They certainly have a neat little system going here in America. The Land of the Fee and the Home of the Slave.

Attention: Law Student

I hope you're listening to this tape, Law Student. You said you wanted to be a lawyer. Well, I hope you're listening closely, because here is the legal system you're headed to serve, and serve you will. You said you wanted to be a lawyer so you can find out what oath they're taking, in secret, behind closed doors in solemn preparation for the "business of the court" as judges and lawyers. Now, you know the oath. The oath is simply to uphold the bankruptcy. If you want to be a lawyer and want to make a living as a lawyer, I can tell you this, they will weed you out at the very beginning if you don't bring in your paperwork under the bankruptcy procedures. If you try to defend your clients and try to help your clients they will get rid of you. They will pull your license. So you spent all that money

and time going to school under the guise of helping people and you're wasting your time. Without that license you can't go into a courtroom. I would think about this.

Traffic Citation

Regarding the UCC-1 Form, you can also file it against your car. Wouldn't that be a kick in the tail if you went into court for a traffic citation where you had signed "without prejudice UCC 1-207". And you had refused [abatement] the traffic citation using the UCC in your procedure by having signed "without prejudice" and having gone home and sent in your refusal for cause without dishonor of the presentment of the traffic citation. Now let's say you are in front of the judge. The judge says, "What's this refusal for cause stuff all about?" The judge won't want any mention that the citation was issued under bankruptcy. He is afraid you'll mention the bankruptcy issue. The reason you refused for cause without dishonor the traffic citation, is that it was issued to you under bankruptcy corporate public policy. He won't get in to that. When you get before the judge, you just state you have removed yourself from the bankruptcy. Tell him that your auto is no longer pledged for collateral against the debt. He'll say, "Oh yeah. What are you talking about?" That's when you hand him the UCC-1 Form that you had filed with the state. This UCC-1 Form will show that you are the debtor and the creditor on your auto. Now what happened? The corporate county/state can't collect on the traffic citation debt instrument. Why? Because, now that you're the creditor on the ticket, if they collect a \$100.00 fine, they have to pay you the amount of the fine. How sweet it is! You're the creditor aren't you? People have done this. Of course, there is no record, no paper trail, in such cases. It is not cited. The corporate Bankster's agents, clerks, lawyers, judges, etc. take the information out of the records as soon as you beat them at their own game.

The Lawyer's Guild Connection

The American Bar Association is a franchise of the Lawyer's Guild of Great Britain. The American Bar Association is not concerned primarily with what happens in any case on the local level. However, when a case leaves the local level, by that, I mean the state court, city court or the justice of the peace, or even the federal court, and goes to the appeals court, it would appear that the American Bar Association takes notice of the case. It would seem that the American Bar Association must have an agreement that any action brought on an appeal, must be reviewed by the American Bar Association. If this is true, it would make sense. How else would the American Bar Association, a branch of the Lawyer's Guild of Great Britain, which is the legal arm of the Rothchild's Dynasty, be able to monitor and administrate the corporate Bankruptcy. It would appear that the American Bar Association would be compelled to review all appeal cases and to make certain any case brought under the common law or the constitutional law that would expose the bankruptcy, would be immediately stamped on the back that "this case is not to be cited or published." I believe that this is the stamp origin and purpose of the stamp message in such cases. The justice department maybe able to do that in Washington, D.C. I can't see where any judge or lawyer could have the authority to

stamp or label the case as one not to be cited for future cases. I think that is an official stamp from the American Bar Association.

The Bankruptcy Accounting System

Now, Joe Law Student, if you're still attending classes and have a good professor, ask him about just where the stamp comes from that you've seen on many cases. Just who put it on the paperwork and just who authorized the citation restriction. Just who is tampering with the law? There is one thing certain, the creditor and or his agents are watching these cases very carefully. The creditor and his agents must balance their books. When you think of the IRS, be aware that the IRS is an agent of the creditor, the corporate International Banksters. This is just one of the Bankster's state side agencies. The General Accounting Office (GAO) is charged with the responsibilities to keep track of the debt. All the states have to send reports to Washington, D.C. Washington D.C., itself, has to send reports to the GAO. Take a look at your state Comptroller's Annual Report to the Governor of your state. I found it in the library located in the city of the corporate state capital. Look under "Trust Fund" for each state sub-corporation like the state courts, HRS, Banks, Education, etc. you will be amazed at the amount of money being pumped into the Trust Fund from the various Corporate State Department Revenues (all revenue is referred to as taxes, fines, fees, licenses, etc.). There are millions and billions of your hard earned worthless Federal Reserve Notes, "dollars", being held in "trust." This money is being siphoned off into the coffers of the International Banksters while the corporate government officials are hounding you for more taxes.

All this accounting system is not so the people will know what is going on. The accounting reports are for the Bankster creditors to keep tabs on just where their collections are coming from. The Banksters want to know if the bankruptcy debt payments are coming in and just how much and from what sources. This accounting is the purpose behind M1, M2, M3, M4, and M5. All this accounting is closely monitored. Maybe every day, but at least once a week. These M's are the reports of the amounts of money in circulation. The amount of debt out there, and the amount of credit out there. The floating of debt in the form of bonds. There are five different categories. This system had to come into existence in order for the creditors to be on top of the bankruptcy at all times. This system allows the creditors to figure out and how exactly just what is going on in their domain.

It all makes sense. Don't the banksters hire bill collectors? Creditors hire bill collectors to snoop around to see why you're not paying. They want to know how much you are going to pay so they can figure out how much will be coming in. How much will they collect? They want to know who will pay and who won't. The whole system is nothing but credit and debt.

The World Credit Union

Here is what is going to very quickly happen internationally. All of the governments around the world are going to unite. They will create one big giant credit union for collecting the debt for the International Banksters. We have allowed ourselves to get into this very sad situation, but that is the way it is.

And put on NOTICE of the bankruptcy.....

Attn: "Public Servant"

On the night of December 23, 1913, the U.S. Congress committed perhaps the greatest act of treason in history. It surrendered the nation's sovereignty and sold the American people into slavery to a cabal of arch-charlatan bankers who proceeded to plunder, bankrupt, and conquer the nation with a money swindle.

The "money" the banks issue is merely bookkeeping entries. It cost them nothing and is not backed by their wealth, efforts, property, or risk. It is not redeemable except in more debt paper. The Federal Reserve Act forced us to pay compound interest on thin air. We now use worthless "notes" backed by our own credit that we cannot own and are made subject to compelled performance for the "privilege."

From 1913 until 1933 the U.S. paid the "interest" with more and more gold. The structured inevitability soon transpired; the Treasury was empty, the debt was greater than ever, and the U.S. declared bankruptcy. In exchange for using notes belonging to bankers who create them out of nothing on our own credit, we are forced to repay in substance (labor, property, land, businesses, resources - life) in ever-increasing amounts. This may be the greatest heist and fraud of all time.

When a government goes bankrupt, it loses its sovereignty. In 1933 the U.S. declared bankruptcy, as expressed in Roosevelt's Executive Orders 6073, 6102, 6111, and 6260, House Joint Resolution 192 of June 5, 1933 confirmed in *Perry v. U.S.* (1935) 294 U.S. 330-381, 79 LEd 912, as well as 31 United States Code (USC) 5112, 5119 and 12 USC 95a.

The bankrupt U.S. went into receivership, reorganized in favor of its creditors and new owners. 1913 turned over America lock, stock, and barrel to a handful of criminals whose avowed intent from the beginning was to plunder, bankrupt, conquer, and enslave the people of the United States of

America and eliminate the nation from the face of the earth. The goal was, and is, to absorb America into a one-world private commercial government, a "New World Order."

With the Erie RR v. Thompkins case of 1938 the Supreme Court confirmed their success; we are now in an international private commercial jurisdiction in colorable admiralty-maritime under the Law Merchant. We have been conned and betrayed out of our sovereignty, rights, property, freedom, common law, Article III courts, and Republic. The Bill of Rights has been statutized into "civil rights" in commerce.

America has been stolen. We have been made slaves: permanent debtors, bankrupt, in legal incapacity, rendered "commercial persons," "residents," and corporate franchisees known as "citizens of the United States" under the so-called "14th Amendment." Said "Amendment" (which was never ratified - see Congressional Record, June 13, 1967; Dyett v. Turner, (1968) 439 P2d 266, 267; State v. Phillips, (1975) affirmed a citizenship ??????????).

Instructions and Options

I. Instructions.

This chain letter consists of two aspects:

1. A copy of these "Instructions and Options" and the letter to "Public Servants" should be sent to as many friends and associates as you wish.

2. Send Copies of the "Public Servant" letter (without Instructions) to as many "public servants" as possible. Send to local, State, and Federal governments - police, councilmen, mayors, district attorneys, State and Federal Agencies, Congressman, Senators, judges, lawyers, etc. Anyone in position of "authority."

Send also to the media - newspapers, news magazines, TV, radio, etc. It is important that those in "power" know what they are doing and that we know that they know.

The point of this is to inform Americans of their extreme plight. We have no more country. It has been stolen - along with our lives, rights, and property. That is not paranoia, exaggeration, or hyperbole. It is the tragic truth. As a result, all "officials" are either fools or knaves, and they should no longer be complied with or the System considered legitimate.

II. Options

We have been defrauded and conned out of everything - our rights, freedoms, property, and country. We have the following options:

1. Do Nothing, remain naive-suckers, keep believing the monstrous absurdity that the "government" is our friend, represents us, or we have any ownership of and control over it. In this case we will remain slaves and become ever-increasingly hopeless with each passing instant as our legal entanglements and financial indebtedness grow. The end of this path is ruin.
2. Trust that those in power, who now own and run the world, will have a change of heart, surrender their wealth and power and give our freedom, property, and rights back to us.
3. Expect, hope, or pray for divine intervention (how can we expect God to care and do anything if we don't?)
4. Try to fight our way out. This is an inferior option, as governments, posing as "protectors," have bled their people dry to pay for the greatest assemblage of weapons of destruction in world history, which are now arrayed against us.
5. We can think our way out, wake up from our stupor, take legal/moral measures to withdraw from the System, and not accept any benefits or engage in any involvement with it.

The "Declaration of Independence" Jefferson wrote:

". . . whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, . ." Never has there been a more treacherous and insidious System than that which has conquered this country without Americans even knowing they have been

defeated. No one, however, needs any document or other party to justify his own "Declaration of Independence." Freedom is everyone's innate right and responsibility. Only each individual has free will over his own life, and an obligation of stewardship for its care.

What sane man would turn over power to strangers to invent and impose the rules by which he is to be made to live? Moreover, no one has any right to delegate or "vote" for any individuals or institutions to exert power over other human beings. Life, death, economy, justice, law, and human fulfillment are at issue. Everyone is consummately justified in questioning the basis of rules imposed on him.

Suggestions for Action:

1. Read, learn, contact "Patriot" groups for information;
2. Realize that we have been had. Abandon totally all and every shred of the delusion that the Government is yours, represents your interests, is legitimate, or is anything other than what it actually is: the machinery for administering your permanent conquest, plunder, bankruptcy, and enslavement.
3. Do not pay any taxes. Every penny you pay in taxes, to your State or the Federal Government, goes to pay the phony, fraudulent "National Debt," which is unredeemable. Every cent goes to enrich the insatiable coffers of a group of arch-charlatans who have stolen our country and us along with it. All taxes go to finance America's plunder and subjugation. Instead of 1040's or other tax forms send a copy of the "Public Servants" letter with a blank tax form.

This letter is the result of many years of legal research. What is stated barely scratches the surface. If you wish to know more, the following books can give you a start:

US Star Chambers

THE SECRET COURT IS BOOMING! - "Imagine a secret court made up of anonymous judges chosen by the Chief Justice of the Supreme Court and empowered to grant wiretaps, approve break-ins, tap psychiatrist's offices and bug homes -- all without probable cause.

"The hearings are conducted in secret without notification of the proposed target and without due process, since the subject of the investigation can't challenge the evidence or answer the charges brought against them.

"Such a secret court does in fact exist. It was created in 1978 under a law entitled the Foreign Intelligence Surveillance Act, or FISA, that was designed to limit the abuses of authority made legion by the administration of former President Richard Nixon and FBI director J. Edgar Hoover..."

Hmmmm. Maybe that should read, "...was designed to give the appearance of limiting the abuses of authority made legion by the administration of former President Richard Nixon and FBI director J. Edgar Hoover."

THE SECRET COURT IS BOOMING!

Royal oath soon no bar to lawyers

Tuesday 11 April 2000

Most lawyers can't wait to start their careers, but Carl Moller has kept his on hold for more than a year on a point of principle. Now he feels his patience has been rewarded.

The Victorian Government has announced that it will change the rules that require law graduates to swear allegiance to the Queen before they can practise. The change means that Mr Moller, a staunch republican who has spent the past year working as a legal clerk because he refused to swear the oath, can now join the ranks of the state's lawyers.

"This is exciting for me ... I'd be a lot happier, of course, if Australia was a republic," he says.

Mr Moller, 28, was due to be admitted as a solicitor and barrister a year ago when he applied for an exemption from swearing the oath. The Supreme Court refused and the Court of Appeal rejected Mr Moller's subsequent appeal.

But Attorney-General Rob Hulls has agreed to change the rules, although the reforms are not expected to make it through State Parliament until the spring session.

Mr Moller says that while many of his friends and peers agreed with his views about the oath, they urged him to do the practical thing and "cross his fingers" during the admission ceremony.

That was never an option, the conscientious objector insists. White lies might be OK for some, but he says plenty of people also "see the asset-stripping of companies as an acceptable form of conduct".

Mr Moller was a government-selected delegate to the Constitutional Convention, but he argues his opposition to the oath has never just been about the republic.

"This is about the solemnity of the oath. You don't take an oath you don't believe in. That would be perjury," he says.

Mr Moller does not see himself as a radical, pointing out that only three other Australian states still require the oath, and that England abolished the requirement in 1868.

"It doesn't add anything to the practice or the profession ... If you are going to impose an oath, it should have meaning and it should have substance. It would be better to have no oath than to have an empty oath," he says.

Mr Hulls says he has not decided whether to scrap the oath entirely, replace it with an oath of allegiance to Australia, or merely make it optional.

"My department will look at it. I think there are some royalists out there who would still want to swear allegiance. But we'll have a look at all of the options," he says.

Mr Moller says he just wants to concentrate on becoming a solicitor with his firm Clayton Utz, which supported him during his campaign.

Judge gets orders from England

FEDERAL JUDGE STATES

IN COURT THAT

HE GETS HIS ORDERS

FROM ENGLAND

717-567-7675. 5/98: [quoting]

During the trial of James and Sharon Patterson, (Case 6:97-CR-51) William Wayne Justice, Judge of the United States District Court Texas-Eastern Division when presented with law stated: "I take my orders from

England. This is not a law this court goes by."

For all of those who did not believe that the United States was under Great Britain here it is straight from the mouth of a Federal Judge. How much more evidence 'do you need?' America has never been Free. The Revolutionary war was a fraud perpetrated on the American people. The war's purpose was to centralize power and make the people easier to control. All Federal Judges, Congressmen, U.S. Attorneys, State Judges, Legislators and most Attorneys know this and are in fact

British Agents. Their job is to keep the people in line and to be productive slaves which they (The British Agents) are greatly compensated for. The police do not know that they work for Great Britain they too have been deceived so don't attack them.

It is time for everyone in America to know the Truth. Let us all work together in exposing the British Empire. Please re-fax and e-mail this release to every Attorney, Judge, and Legislator in your area to let them know they have been unmasked. Please get out your Yellow Pages and start faxing everyone in your area and also read this release over every radio show possible. We have printed thousands of evidence packages and mailed them across America that prove that the United States is a British Colony. It is time to send the British back to England. We must work together because if, we do not. we are all doomed.

Your Friend.
